

APRIL 19, 2018 MIDYEAR RESIDENTS' INTERESTING CASE PRESENTATION

RESIDENTS' INTERESTING CASE	INSTITUTION
<p>1. Pseudomyxomal Peritonei: Revisited <i>by Mary Grace Cheng, MD</i> First Place</p>	FEU-NRMF Hospital
<p>2. Angiomyofibroblastoma of the vulva: A diagnostic dilemma <i>by Katrina D. Romblon, MD</i></p>	De La Salle University Medical Center
<p>3. A successful pregnancy outcome in a case of maternal VACTERL interesting case <i>by Dominique Joyce M. Concepcion, MD</i> Second Place</p>	University of the Philippines – Philippine General Hospital
<p>4. Honey as an alternative management of vulvar ulcers in a young patient with Behcet's Syndrome <i>by Germaine Angela C. Ursabia, MD</i></p>	University of the Philippines – Philippine General Hospital
<p>5. A wound that failed to heal: High grade ovarian serous carcinoma associated with chronic schistosomiasis <i>by Shiara Marriz T. Marquez, MD</i> Third Place</p>	FEU-NRMF Hospital
<p>6. Cesarean scar pregnancy: A rarity no more?" A report of 2 cases <i>by Denise Elaine A. Reyes, MD</i></p>	FEU-NRMF Hospital

APRIL 19, 2018 MIDYEAR RESIDENTS' RESEARCH PAPER PRESENTATION

RESIDENTS' RESEARCH PAPER	INSTITUTION
<p>1. A comparison of maternal and perinatal outcomes and mode of delivery of twin and singleton gestations in a tertiary government hospital during a 10-year period <i>by Bernadette C. Yap, MD</i></p>	University of the Philippines – Philippine General Hospital
<p>2. Obstetric and neonatal outcomes of singleton gestations among elderly Filipino primigravids in a tertiary government hospital-a-five-year review <i>by Mary Menuro F. Acda, MD</i></p>	University of the Philippines – Philippine General Hospital
<p>3. Accuracy of abnormal endometrial sonographic findings in detecting endometrial carcinoma among non-bleeding and bleeding postmenopausal women at a tertiary training hospital <i>by Nina Rojana L. Yu, MD</i> Third Place</p>	Manila Doctors Hospital
<p>4. Validation of readings of locally made cardiotocogram (RxBox 2) model 2 compared with standard equipment (Part 2) <i>by Serines Virian D.C. Decano, MD</i> First Place</p>	University of the Philippines – Philippine General Hospital
<p>5. Association of hypokalemia and preeclampsia and correlation of levels of serum potassium to blood pressure severity in preeclampsia <i>by Joanna Marie A. Paulino-Morente, MD</i> Second Place</p>	Quirino Memorial Medical Center
<p>6. Efficacy of betaine + polyhexanide (prontosan) as anti-septic wound irrigating solution prior to subcutaneous layer and skin closure of cesarean section in preventing surgical site infection at the University of Santo Tomas Hospital <i>by Romina Grizelda O. Mallari, MD</i></p>	University of Santo Tomas Hospital

SEPTEMBER 15, 2018 ANNUAL RESIDENTS' INTERESTING CASE PRESENTATION

RESIDENTS' INTERESTING CASE	INSTITUTION
1. A rare case of successful pregnancy complicated with active Takayasu's arteritis by <i>Rhoselle P. Miguel, MD</i>	Metropolitan Medical Center
2. Case report: Rosal-Dorfman disease: pelvic manifestation by <i>Joan Marie M. Alday, MD</i>	San Juan de Dios Educational Foundation, Inc. Hospital
3. Three in a row: A case series of cervical tuberculosis by <i>Angelynn Santos Sianghio, MD</i> Third Place	San Juan de Dios Educational Foundation, Inc. Hospital
4. Breathlessly breathing: A case report of catamenial pneumothorax by <i>Jonie C. Tan, MD</i>	Chinese General Hospital and Medical Center
5. Recurrent ectopic pregnancy after bilateral salpingectomy: A case report by <i>Bernadette Mayumi T. Mortel, MD</i> First Place	UERM Medical Center
6. Rectus abdominis endometriosis: A case report by <i>Anne Kamille Tanes, MD</i>	De La Salle University Medical Center
7. Small cell carcinoma arising from a mature cystic teratoma of the ovary: A case report by <i>Ronora Grace Rico-Josue, MD</i> Second Place	Saint Louis University Hospital of the Sacred Heart
8. Giant fibroepithelial polyp: A case series by <i>Angeli Anne C. Ang, MD</i>	University of the Philippines – Philippine General Hospital

OCTOBER 18, 2018 ANNUAL RESIDENTS' RESEARCH PAPER PRESENTATION

RESIDENTS' RESEARCH PAPER	INSTITUTION
<p>1. Comparison of the efficacy of iron amino acid chelate and ferrous sulfate in the treatment of iron deficiency anemia among pregnant women seen at the out-patient department of a tertiary medical center on 2016-2017 <i>by Ma. Agnes A. Santiago, MD</i> Third Place</p>	FEU-NRMF Hospital
<p>2. Single loading dose versus standard 24-hour magnesium sulfate in women with severe preeclampsia and eclampsia: A systematic review and metaanalysis <i>by Dirdrah Aina Crisostomo Salvador, MD</i> First Place</p>	De La Salle University Medical Center
<p>3. Vaginal fluid creatinine for the detection of pre-labor rupture of membranes <i>by Feliza Vida D. Cortez, MD</i> Third Place</p>	San Juan de Dios Educational Foundation, Inc. Hospital
<p>4. The relationship between demographic characteristics of reproductive age Filipino-Muslim and their knowledge, attitudes and practices regarding family planning in Northern Mindanao Medical Center: A cross-sectional study <i>by Fatmah B. Mangondato-Lucman, MD</i></p>	Northern Mindanao Medical Center
<p>5. Impact Mother-Baby Friendly Hospital initiative in the University of Santo Tomas Hospital on success of breastfeeding: A prospective cohort study <i>by Polla Lorenze K. Holgado, MD</i></p>	University of Santo Tomas Hospital
<p>6. The prevalence of anxiety and depression among cervical cancer patients seen in a tertiary government hospital using the hospital anxiety and depression scale English/Filipino version (HADS/HADS-P) <i>by Kristine I. Alvaro, MD</i> Second Place</p>	University of the Philippines – Philippine General Hospital
<p>7. Knowledge, Attitudes and Practices of obstetricians and gynecologists in screening for postpartum depression and psychosis in a private tertiary hospital <i>by Santi Rex G. Cang, MD</i></p>	The Medical City
<p>8. Comparison of the diagnostic accuracy of early screening for preeclampsia by NICE guidelines, ACOG guidelines and Comprehensive First Trimester Screening using maternal characteristics, ultrasonographic findings and maternal serum biochemical markers in the prediction of the development of preeclampsia in a tertiary hospital <i>by Maria jane Ellise S. Javier, MD</i></p>	The Medical City

2018 FELLOWS' RESEARCH PAPER PRESENTATION

RESEARCH PAPERS TITLE

1. The diagnostic accuracy of the sonographic markers of pelvic adhesions in adnexal masses for the intra-operative signs of adhesions *by Paula Christi P. Tolentino-Orlina, MD and Marlyn T. Dee, MD*

2. Timing of urinary catheter removal after radical hysterectomy. A single institution study
by Jimmy A. Billod, MD
