

JULY 5, 2021 MIDYEAR RESIDENTS' INTERESTING CASE PRESENTATION

RESIDENTS' INTERESTING CASE	INSTITUTION
<p>1. Delayed Diagnosis and management of late second trimester intra-abdominal pregnancy by <i>Ana Patricia C. Vargas, MD</i></p>	<p>University of the Philippines – Philippine General Hospital</p>
<p>2. A diagnostic dilemma: Laparoscopic approach in treating Ovarian teratoma-associated anti-n-methyl-d-aspartate (NMDA) receptor encephalitis by <i>Finella Marie G. Leonido, MD</i> <i>Third Place</i></p>	<p>Qurino Memorial Medical Center</p>
<p>3. Struma Ovarii associated Pseudo-Meiggs' Syndrome with Concomitant Abdominopelvic Tuberculosis Masquerading as Ovarian Malignancy by <i>Nicole Anna Marie H. Dionisio, MD</i></p>	<p>University of the Philippines – Philippine General Hospital</p>
<p>4. A tale of two miracles: Case of trauma in pregnancy by <i>Charisse Anne F. Aquino, MD</i> <i>First Place</i></p>	<p>University of the Philippines – Philippine General Hospital</p>
<p>5. Synchronous endometriod endometrial and serous ovarian carcinoma, a double gynecologic jeopardy by <i>Ana Victoria C. Crimen, MD</i> <i>Second Place</i></p>	<p>FEU-NRMF Hospital</p>

JULY 5, 2021 MIDYEAR RESIDENTS' RESEARCH PAPER PRESENTATION

RESIDENTS' RESEARCH PAPER	INSTITUTION
<p>1. Rational blood transfusion in elective gynecologic surgeries in a tertiary hospital in the Philippines <i>by Nancy Marie S. Gamo, MD</i> First Place</p>	<p>University of the Philippines – Philippine General Hospital</p>
<p>2. Sexual dysfunction among patients with endometrial cancer at a tertiary training public institution: a cross-sectional study <i>by Katrina Mae. A. Natavio, MD</i></p>	<p>Baguio General Hospital and Medical Center</p>
<p>3. A comparison of the efficacy of single dose cefazolin versus single dose cefazolin plus 7-day mupirocin ointment wound application in preventing surgical site infection among patients undergoing major obstetric and gynecologic procedures at a tertiary university hospital: A single blinded randomized controlled trial <i>by Mary Grace O. Chneg, MD</i> Second Place</p>	<p>FEU-NRMF Hospital</p>
<p>4. Change sin obstetric practices in the first three months of the COVID-19 pandemic in a private tertiary hospital: A descriptive cross-sectional study <i>by Kristine Mae Q. de Guzman, MD</i></p>	<p>St. Luke's Medical Center – Global City</p>
<p>5. The association of advanced maternal age with maternal and neonatal outcomes of pregnancy in Filipino patients in a tertiary medical center: An analytic cross-sectional study <i>by Leolina Remecita M. Gamboa-Chua, MD</i> Third Place</p>	<p>St. Luke's Medical Center – Global City</p>

SEPTEMBER 17, 2021 ANNUAL RESIDENTS' INTERESTING CASE PRESENTATION

RESIDENTS' INTERESTING CASE	INSTITUTION
<p>1. Giant immature teratoma in a 15 year old causing anti-n-methyl-d-aspartate (anti-NMDA) receptor encephalitis-like and guillain-barre syndrome as paraneoplastic manifestations: A case report <i>by Alfonso Leandro D. Toreja, MD</i></p>	De La Salle University Medical Center
<p>2. A rare case of primary signet-ring cell carcinoma of the cervix <i>by Riezy B. Culminas, MD</i> First Place</p>	Manila Doctors Hospital
<p>3. Cytokine storm secondary to COVID-19 pneumonia in a preterm pregnancy: A management and bioethical dilemma <i>by Dominica Louise A. Sumera, MD</i></p>	De Los Santos Medical Center
<p>4. More than teen angst: A case of ovarian teratoma presenting as anti-NMDAR encephalitis <i>by Ma. Rosila Flor Escudero, MD</i></p>	The Medical City
<p>5. A series of unfortunate events: guillain-barre syndrome on a COVID positive pregnant patient <i>by Ma. Kristina Barbara O. Reyes, MD</i> Third Place</p>	East Avenue Medical Center
<p>6. Inside out: a successful repositioning of a chronic 3rd degree uterine inversion <i>by Maria Angela B. Ocampo, MD</i> Second Place</p>	East Avenue Medical Center
<p>7. When the metastatic tumor presents as a primary tumor: Gastric signet ring cell carcinoma presenting as a s advanced cervical cancer with ovarian metastasis <i>by Marie Felle P. Flores, MD</i></p>	De La Salle University Medical Center
<p>8. A confirmed case of menstrual cup associated toxic shock syndrome: A Philippine perspective <i>by Andrea Francesca I. Santos, MD</i></p>	Medical Center Manila

OCTOBER 20, 2021 ANNUAL RESIDENTS' RESEARCH PAPER PRESENTATION

RESIDENTS' RESEARCH PAPER	INSTITUTION
<p>1. Acceptability of Telemedicine among Patients undergoing Prenatal and Postnatal Care in the Setting of the COVID-19 Pandemic <i>by Ivy Lorraine E. Quiñones, MD</i> Third Place</p>	University of the Philippines – Philippine General Hospital
<p>2. Characteristics of COVID-19 Positive Pregnant Patients Admitted in a Private Tertiary Hospital and Their Maternal and Neonatal Outcomes <i>by Josephine Alexandra D. Lim, MD</i></p>	The Medical City
<p>3. Fears, Perceptions, and Concerns on COVID-19 of Term Pregnant Women in a Tertiary Hospital: A Cross-Sectional Study <i>by Christine Mariz T. Ching, MD</i></p>	Chinese General Hospital and Medical Center
<p>4. Comparison of the effect of miconazole and clotrimazole in the treatment of vulvovaginal candidiasis among women seen in a tertiary medical center from 2016 to 2020 <i>by Shiara Marriz T. Marquez, MD</i></p>	FEU-NRMF Hospital
<p>5. Assessment of the Knowledge, Attitude, and Practices of OB-GYN Consultants and Residents on the Screening of Postpartum Depression <i>by Cristyne G. Loquero, MD</i> First Place</p>	Cebu Velez General Hospital
<p>6. Comparison of Maternal and Neonatal Outcomes between COVID-19 Positive and Negative Parturient who delivered in a Tertiary Hospital: A Retrospective Cohort Study <i>by Stephanie M. Lazo, MD</i></p>	Chinese General Hospital and Medical Center
<p>7. Knowledge, Attitude, Practices towards COVID-19 and Infection Prevention and Control among Tertiary Hospital Level Labor and Delivery Room Health Care Workers in Time of Pandemic: A Cross-sectional survey <i>by Joan M. Flores, MD</i> Second Place</p>	Chinese General Hospital and Medical Center
<p>8. Association of Total Gestational Weight Gain and Maternal and Perinatal Outcomes among Pregnant Patients using The Institute of Medicine 20019 Gestational Weight Gain in Guidelines in a Tertiary Hospital <i>by Francesca Debbie L. Liu, MD</i></p>	Chinese General Hospital and Medical Center

2021 FELLOWS' RESEARCH PAPER PRESENTATION

RESEARCH PAPERS TITLE	INSTITUTION
<p>1. Ovarian Volume Cut-Off on Sonography For the Diagnosis of Polycystic Ovaries Using the ESHRE/ASRM sponsored 2018 International Evidence-Based Guideline for Polycystic Ovarian Syndrome: A Single Center Study <i>by Capella A. Remigio, MD and Marisol Pangan-Gorospe, MD</i></p>	<p>St. Luke's Medical Center – Quezon City</p>
<p>2. Phase I and II Results of the Overa Study: A Randomized Controlled Trial to Improve Diagnostic Strategies for Ovarian Cancer in Filipino Women <i>by Clarissa L. Velayo, MD ; Kareen N. Reforma, MD ; Renee Vina G. Sicam, MD ; Michele H. Diwa, MD and Alvin Duke R. Sy, MSPH,RN</i></p>	<p>University of the Philippines – Philippine General Hospital</p>
<p>3. A Comparative Study on the Accuracy of Five Intrauterine Growth Charts in Predicting the Classification of Neonatal Birth Weight at a private tertiary hospital <i>by Vanessa Marie T. Lim, MD ; Ma. Luisa S. Acu, MD and Anna Liza C. Salita, MD</i></p>	<p>St. Luke's Medical Center – Quezon City</p>
